

CARBINE HARDWARE

Carbine is the next generation in locking. Carbine is a high-end brand of locking and hardware that is chosen by locksmiths and installers. Until Carbine, developments in mechanical locking systems had been few and far between. Even when a way was found of improving a current series of locks, there was little desire on the part of the manufacturers to change what 'always has been

the way'. Carbine pushes the boundaries and looks to solve the problems that have dogged the industry for years. The Carbine Hardware range incorporates door hardware and trim plates, cabinet and furniture locking, window & patio door locks. All Carbine products feature innovative designs and modular functionality so you get a product that solves problems.

WINDOW SLIDING LOCKS AND FASTENERS

Carbine window locks offer a higher level of modular security for all sliding window applications. Ease of installation and high security make this product the leader in it's field. Features include:

- Stylish design
- Easy installation
- Utilizes 2 different types of barrels. Our patented C4 wafer barrel allows the use of C4 5 and 6 pin keys
- Or LF wafer barrel allowing the use of Keyline LF29S (Silca LF43R), Keyline LF16 (Silca LF6R) and GA1 keys.
- Easily rekeyable
- Can be supplied less barrel to allow easy choice of barrel system (see Carbine window lock barrels in the Cylinders dept for details)
- Display pack models come complete and standard with a C4 keyway in single and four packs
- Designed to suit most aluminium sliding windows
- Suitable for left and right hand fitting, front mount and side mount
- Drilling template also available (1 template in a box of ten for trade pack and a spare part that can be ordered, use part number CVL-DTEMP)

Carbine CVL window locks, when fitted & used correctly, comply with the new "Falling from Windows" regulations. Please consult the BCA Building Codes for full information.

Important Notes:

To comply with regulations & provide adequate security, all locks must:

- Be installed per the instructions included with the product
- Be locked & have all keys removed
